**ORDER:-**

In the reference read above, the Engineer-in-Chief (Irrigation), Hyderabad has stated that the J.Chokka Rao Devadula Lift Irrigation Scheme is contemplated for lifting of water from Godavari River near Gangaram (V), Eturunagaram (M), Warangal District to irrigate an Ayacut of 6.21 Lakh Acres in upland drought Prone Areas of Karimnagar, Warangal and Nalgonda Districts from elevation +71.00 Mts., to 540.00 Mts., by utilizing 38.18 TMC of water out of 467.24 TMC water available at Intake Pump House in the River Godavari. The pipe line is laid to feed the water pumped from intake point of river Godavari to enrouting tanks(balancing reservoirs) of JCRDLIS only. The air valves have been provided along the pipe line to release the pressure developed in the pipe line in order to avoid damages to the pipe line. But during pumping period, the farmers are frequently damaging the Air valves illegally in certain places to feed their fields. Due to drought conditions prevailing in the District, the public representatives in various meetings are requesting for providing separate outlets on pipeline to feed minor Irrigation Tanks along the water conductor system.

2. After careful examination of the proposal, Government hereby accord administrative approval for providing the outlet valves on Phase-I pipelines from Dharmasagar to Rajavaram/RS Ghanpur Tank and Phase –II pipeline from RS Ghanpur to Ashwaraopally Tank for feeding Minor Irrigation Tanks for an amount of Rs.14.00Lakhs (Rupees Fourteen Lakhs only), subject to follow due procurement procedures and to meet the expenditure within allocated budget of JCRDLIS.

3. The above expenditure shall be debited to the Head of Account:-

"4700-01- MH-166 - JCRDLIS – GH – 11 & 21 Normal State Plan /AIBP SH(27)  
Canals and Distributaries – 530 Major Works – 531 – Other Expenditure.

4. This order issues with the concurrence of Finance (WP) Department vide their U.O.No.11111/161/WP/A1/2016, Dt.08-09-2016.

P.T.O
